

SEALBOX

LOGISTICS INC

Connecting the World with Logistics Solutions

About Us

Sealbox Logistics Inc., headquartered in Vancouver, Canada, is your global partner in comprehensive shipping and logistics solutions. We specialize in delivering efficient, reliable, and customized services to meet your international transportation needs.

Our Services

Air Freight

Ensuring your cargo is delivered on time with zero errors, we partner with top carriers and freight forwarders to provide fast, reliable air freight solutions, including express and high-priority (24-hour) delivery.

Inland Transportations

Known for scheduled services, we specialize in container movement and dry goods. We prioritize customer service, real-time tracking, secure logistics, and seamless shipment management for ultimate reliability.

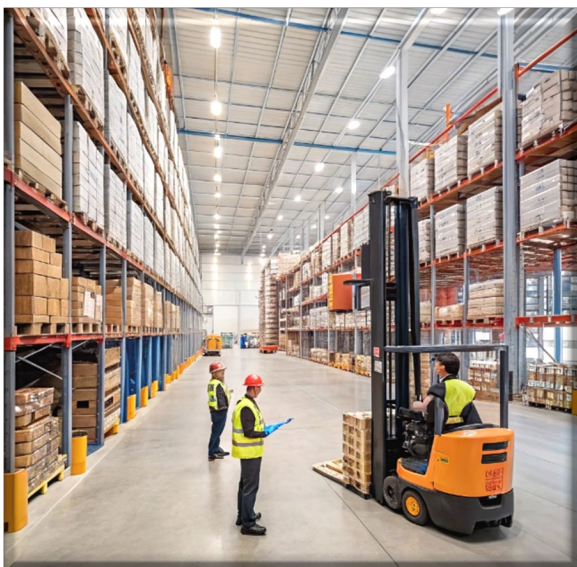

Ocean Freight

We offer tailored sea freight services that optimize costs and efficiency. Key features include global FCL, LCL, RoRo, and project cargo, reliable sailings, fast transit times, competitive rates, and end-to-end shipment monitoring.

Warehousing

Our state-of-the-art facilities provide secure storage solutions, coupled with efficient inventory management and distribution services to streamline your supply chain.

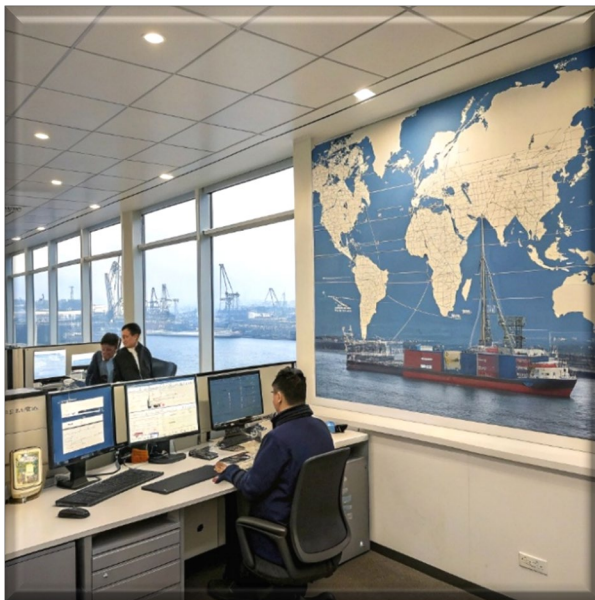

Freight Forwarding

Offering comprehensive air, sea, and land freight services, we manage the complexities of international shipping, ensuring your goods navigate customs and regulations with ease.

Shipping Agency

We provide comprehensive liner agency services, including sales, operations, and cargo handling. Our expert staff and advanced IT systems ensure reliability, adaptability, and full traceability.

Custom Brokerage Services

Navigating the intricacies of customs can be challenging. Our experienced brokers simplify the process, ensuring compliance and expediting the clearance of your goods.

Flexitank Services

Specializing in secure, corrosion-resistant packaging and transport of non-hazardous liquid chemicals, our advanced flexitank solutions ensure stability, safety, and efficiency for diverse industrial applications worldwide.

Door-to-Door Services

Supporting online businesses with end-to-end fulfillment services, including pick and pack, labeling, and last-mile delivery, to enhance your customer satisfaction.

Industries We Serve

- **Oil and Gas**

We specialize in the seamless transportation of drilling rigs, replacement parts, piping, and supply vessels (PSV) through multimodal shipping, including road, rail, and ocean freight.

- **Power and Energy**

Our team conducts in-depth feasibility studies to ensure seamless transportation of oversized equipment, fuel, and hazardous materials to destinations worldwide.

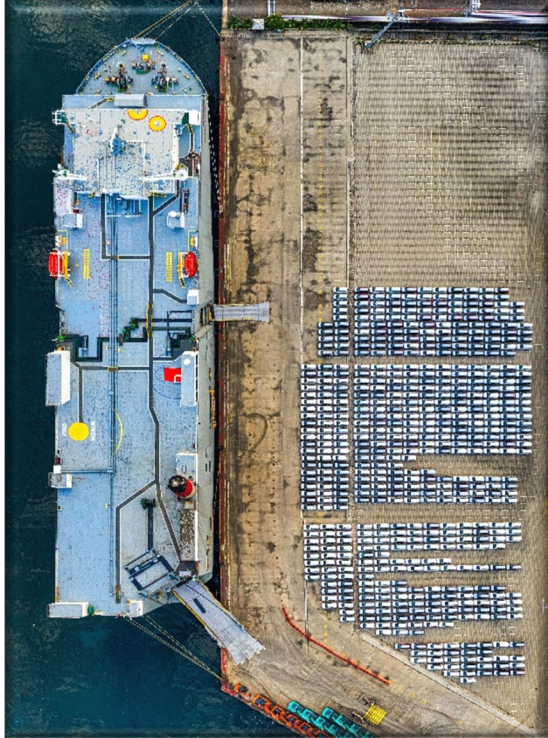

- **Mining**

We specialize in the transportation and logistics of mined products like copper, silver, and iron, ensuring efficient container availability and coordinating vessel space reservations for timely shipments.

- **Automotive Industry**

We ensure the seamless shipping of cars, trucks, spare parts, and even entire automotive manufacturing plants, with guaranteed space solutions and 24/7 shipment tracking.

- **Agricultural**

We specialize in tailored shipping solutions for the agricultural sector, ensuring efficient transportation of heavy-duty equipment and machinery.

Our Process: How It Works

1. **Request a Quote** – Get a customized shipping plan.
2. **Booking & Documentation** – Hassle-free paperwork and approvals.
3. **Cargo Pickup** – Efficient collection of goods.
4. **Transport & Tracking** – Safe and monitored transit.
5. **Customs Clearance** – Smooth regulatory approvals.
6. **Final Delivery** – Timely drop-off at the destination.
